

How to Become a Member of Mason County Garden Club

First and foremost, we want you to be happy with your choice of the Mason County Garden Club as your connection to the gardening world. Because of this, we want you to be somewhat familiar with what we do. While many things are explained on this website, nothing compares to meeting us in person.

Understanding the Mason County Garden Club

Our primary purpose is to educate and share our knowledge of flower/perennial gardens, including an understanding of native and invasive species, conservation and flower design. We will touch on vegetable gardens (as seen with our hands-on U Dig It Community Garden plot) but it is not our main purpose. We have a Flower Show every other year and on the opposite year, we host a Garden Walk. Each of these events provides a ton of educational opportunities for both our members and the community.

We also strive to be a service organization. Take a look at our committee list (go to our website page : Groups – Committees) to see all the projects we are undertaking: Planters along the downtown avenues (Ludington Ave and James St), Memorial Parks, Leveaux Park, White Pine Village, to name a few. These projects do require some “hands-on” digging in the dirt while others (Cups of Cheer, Garden Therapy, Website and such) do not. There is really something for everyone.

We expect every member to participate in at least one of these types of committees and to help with refreshments for one of our meetings. That’s why we ask that you attend at least two of our meetings to see for yourself how we conduct our meetings and our committees.

Final Steps to becoming a Member

We have a Membership committee and the chair will walk you through our application process. Once you are ready and have filled out the application, we’ll need your \$30 dues to finish your membership process. After that, you’ll receive your Mason County Garden Club yearbook, you’ll be added into our group email and you’ll start to receive notices and information from our president, treasurer, and past-president, plus other committee chairs as is necessary.
